Dear Sir:

We would very much like to have for exhibition in this Museum a copy of the medal designed by Albert Stewart for the Atwater Kent Radio Audition. Mr. Stewart has given us permission to exhibit this medal and has referred us to you for a copy of it. Would it be possible for us to secure the medal through you, or, if not, can you tell us how we may obtain one?

Very truly yours,

Dear Mr. Wood,

We have delayed answering your letter of June 18th in regard to the Atwater Kent Radio Audition medal. We have been trying to locate a spare medal. Unfortunately, at the present time there are no extra medals in existence.

The dies are now in posession of the Medallic Art Company and they might be willing to strike off a medal.

We are forwarding your letter to the Atwater Kent Foundation in Washington, who are conducting the Audition this year, and they may be able to include a medal for you when they are prepared for the contest this year.

Yours very truly,

J B Durstine

Dear Sir:

Last summer, while I was abroad, I had a letter from your Society inquiring as to the availability of my Atwater Kent National Radio Audition medal. At the time I gave such advice as I was able and am now wondering if you secured one. Being in New York puts me in better position to facilitate your getting one.

It occurred to me that you might be interested in my medal which was presented to Charles Lindbergh by the New York Scenic and Historic Preservation Society and the Mayor's Committee on Receptions, authorized by Doctor George F. Kunz.

Very truly yours,

Albert Stewart

Dear Mr. Stewart:

In reply to your letter, our records show that we received the Atwater Kent National Radio Audition Medal. We, however, would be much interested in receiving the Lindburgh medal, presented by the New York Scenic and Historic Preservation Society, especially as we have gathered together as many medals referring to Lindburgh as we were able to get. This one we did not know about.

Very truly yours,

Curator
